JOB VACANCY: FINAL ASSEMBLY FITTER

Come and join us!

Celebrating more than 34 years at the forefront of the Perimeter Security Industry, **Cova Security Gates** are proud to deliver quality products, with a focus on providing excellent customer service throughout the world.

From our factory located near Gatwick Airport, we deliver a full turnkey solution from design, manufacture to installation.

The Role

To ensure that the products and services supplied by Cova Security Gates Limited are produced to specification and in accordance with legal and agreed customer requirements.

The **Final Assembly Fitter** shall:

- Assemble products to specific drawing and work instructions
- Check drawings and work instructions for accuracy, quantities, drawing numbers etc
- Collate all material(s) required within your working area for the product(s) being worked on
- Liaise with the Buyer for any additional materials required or report any missing items.
- Assemble the materials into a finished product ensuring that the aesthetics of the products are finished to a very high standard and quality.
- You'll see the product right through to final finish assemble and ensure that it operates correctly, within the defined tolerances set maintaining all necessary documentation.
- Participate in the Factory Acceptance Test and assist with packaging up products ready for collection or delivery.

We're looking for someone with a proactive, can-do attitude, who has an eye for detail, who takes pride in ensuring a high finish and quality of their work

Benefits of working with us:

- Personal Advancement Opportunities
- 5 weeks paid holiday (excluding public holidays)
- Death in service benefit
- Company Pension Contribution
- Free Secure On-Site Parking
- Hours: 8am - 4.30pm Monday to Friday
- Optional overtime available

This is a permanent position. Salary is dependent of experience offering £25k - £27k

No agencies please.
